

THE ROSWELL DAILY RECORD.

VOLUME 1

ROSWELL, NEW MEXICO, SATURDAY EVENING, OCTOBER 17 1903

NUMBER 183

Roswell Extends Hearty Greeting to William Randolph Hearst and His Distinguished Guests.

THE HEARST PARTY TO BE HERE MONDAY

William Randolph Hearst and His Distinguished Guests Arrive Monday.

THEIR TIME HERE LIMITED TO 2 HOURS

Will be met at South Spring Station and Driven through the Farms and Orchards. Then to Roswell, Visiting Points of Interest. An Effort Will be Made to Extend Their Time in Roswell to the Utmost Limit.

The Hearst party on their special train will arrive at South Spring on Monday morning at about 11 o'clock, and the party will be met by a committee from the Roswell Club and Chamber of Commerce and citizens in carriages. They will be driven first to the South Spring ranch, the old John S. Chisum place. Mr. Chisum was one of the pioneer settlers of the Pecos Valley and the ranch will be of interest to the visitors as Billy the Kid, the notorious outlaw began his career on this ranch in the early days. The party will then visit the famous orchard of J. J. Hagerman which contains six hundred acres, and will stop at the headquarters of the orchard, where Superintendent Green will treat them to

the Central high school will be reviewed; thence north on Kentucky avenue to Seventh street, thence west to Missouri avenue, crossing North Spring river by the new public school building, and thence to the New Mexico Military Institute, the Territorial school which is filled with sturdy young men from the territories and from several of the states. Thence by John Shaw's and L. R. Smith's; thence by J. C. Hamilton's and the W. M. Reed place. sweet apple cider. They will leave then for the Lovers' Lane, passing the Slease bee farm. Mr. Slease has three hundred stands of bees and this farm will doubtless be of much interest to the visitors. After the drive through Lovers' Lane, which is the most beautiful drive in all New Mexico, the party will go to the Morrow artesian well which spouts 1,500 gallons per minute. The drive will be continued through Lovers' Lane to the L. F. D. ranch, where the visitors will partake of the famous red apples. The last visit in the country will be the Slaughter Hereford ranch to inspect the fine cattle.

The party will arrive in Roswell on Second street and will go to Kentucky avenue, where the pupils of

and Judge G. A. Richardson, the Roswell Club, will meet the party at Carlsbad and a general invitation is extended to all to meet the party at South Spring.

After they have visited the great Pecos Valley and Roswell there will not be any doubt in their minds that New Mexico is entitled to admission to the Union. They are broad minded, intelligent citizens and are anxious and willing to see conditions as they really exist, and are not of the Beveridge type who visited Roswell and the Pecos Valley at night in a Pullman car with the blinds drawn down and the train running. He was probably asleep. However, his

dreams must have been pleasant as he sped through the Garden spot of the world.

The following telegrams were received yesterday afternoon by Judge G. A. Richardson:

"Albuquerque, Oct. 16.—Hearst party Roswell Monday noon. Get them to stop at South Spring, drive to Roswell. Wire Hearst at Phoenix. Forty people in party.—E. A. Cahoon

"Albuquerque, Oct. 16.—Hearst party have left here, but will extend time if necessary.—W. S. Hopewell.

Amarillo, Oct. 16.—We are not in a position now to say about the Hearst party. We can leave Roswell one hour later than schedule and make Amarillo and connections. Give them all the attention possible.—Don A. Sweet."

A BIG NAVY.

The Estimates for Coming Year Over a Hundred Million Dollars.

Washington, D. C., Oct. 17.—Secretary Moody has today approved the estimates for support of the navy for the next fiscal year as recommended by the chiefs of bureaus. The amount that will be asked for is nearly 103 million dollars. This is an increase of twenty-three million over the amount approved last year. The amount approved last year was in round numbers eighty-three million dollars.

THE BULGARIAN ELECTIONS.

Europe Awaits the Result with Considerable Anxiety.

Vienna, Oct. 17.—The elections for a new Bulgarian assembly takes place tomorrow and in the present disturbed state of affairs in that country it is natural that all political Europe should await the result with considerable interest, not to say anxiety. Even taking into account the fact that the Bulgarian franchise system admits of the government over-awing the electors, there appears to be no likelihood that the complexion of the new Sobranje will be materially changed, and little doubt that the government will find it just as impossible to work with the new deputies as it did with their predecessors.

ON THE GRIDIRON.

Legs Will Mingle, Heads Crack and Necks Break To-Day.

New York, Oct. 17.—More interesting and less one-sided football contests than those which have taken place thus far this season should result from those scheduled for this afternoon. In the west Chicago and North western play at Chicago; Iowa and Minnesota at Minneapolis; Illinois and Purdue at Lafayette; Nebraska and Haskell Indians at Lincoln; Wisconsin and Beloit at Madison; Michigan and Indiana at Ann Arbor; Kansas and Colorado at Denver, and Missouri and Washburne at Columbia.

TO SUCCEED BOREING.

TERRIBLE WRECK

THE PENNSYLVANIA ROAD THE SCENE OF WRECK.

FIFTEEN LIVES WERE LOST

There Were 180 Men on the Two Flat-Cars Which Collided with the Gravel Train. Italians Become Frantic and Attack Train Crew.

Trenton, N. J., Oct. 17.—Washington Crossing was the scene of a horrible railway wreck this morning which resulted in the loss of fifteen lives and probably more than forty seriously injured. The wreck was on the Pennsylvania railroad. The collision was between a work train consisting of four flat cars on which there were 180 laborers, and a gravel train. The work train stopped at Washington Crossing to receive orders when it was run into by a gravel train and was telescoped with the result above described. Fourteen bodies have been taken from the wreck and one more is supposed to be under the debris. Most of those injured are not supposed to be permanently maimed. Soon as the accident happened, many of the laborers being Italians became frantic, and threatened to do bodily harm to the crew of the gravel train. They were finally quieted by their foreman.

This order has occasioned much feeling among the students the student body being divided on football question.

STARTLING REVELATIONS.

The Walking Delegate in Many Cases a Highway Robber.

New York, Oct. 17.—Peter Farley, the walking delegate who is awaiting

trial on an indictment of perjury alleged to have been committed in the testimony he gave during the trial of Samuel Sparks, has made a confession. The confession goes into the minutest details. He gives the names of many walking delegates in this city and surrounding towns who have successfully conspired to extort money from contractors and builders, threatening to bring about strikes if the money was not paid, or to have them called off if the strike was already on.

Farley swears that in one instance \$50,000 was secured by W. E. D. Stokes, on the threat that if this sum of money was not paid the workmen would be called off from the building of the Ansonia hotel at 73rd and Broadway.

DOWIE'S ORDERS SUPREME.

The Great Evangelical Campaign in New York About to Begin.

New York, Oct. 17.—John Alexander Dowie issued an address to the Zion hosts at Madison Square Garden today to refuse admission to all strangers. The orders were construed so literally that even the representatives of the press were excluded. Street corner meetings will begin tonight, and big central meetings will be held in the morning. Monday Madison Square Garden will be open to visitors.

BANK ROBBERED.

About \$4,000 Secured as Booty.—Hot on the Trail.

Eustis, Neb., Oct. 17.—Six masked men robbed the Farnham bank early this morning and secured \$4,000. One of the men was captured before he could make his escape, and the officers with bloodhounds are hot on the trail of the others. It is thought that before night all will be captured.

Denver, Colo., Oct. 17.—Mrs. Maud B. Webster, who came here six months ago from Fort Worth, Texas and started a boarding house at 1271 Downing avenue, attempted suicide this morning by taking strychnine. She was discovered soon after and medical aid was given. She will probably recover. Financial reverses is given as the cause of the deed.

Lincoln, Neb., Oct. 17.—A young woman whose name can not be learned, but who is a freshman student at the Nebraska University, took a large dose of carbolic acid this morning while standing in front of St. Mary's cathedral. She then staggered into the church and died while trying to pray.

RESULT OF CARELESSNESS.

The Same Old Story and the Same Old Result.

Evergreen, Colo., Oct. 17.—Bert Zoller, a young man aged 23 years, was accidentally shot and killed here last evening by his friend and comrade Fred Herin, who is about the same age. They were out shooting at a mark, and one of Herin's cartridges failed to explode. Herin proceeded to examine the gun to see why it failed to discharge and in handling it had it pointed towards Zoller when the cartridge exploded. The bullet passed through Zoller's head killing him almost instantly.

Both men were employed in Wells' saw mill. Herin was arrested and taken to Golden for examination. There is little doubt but that the killing was accidental as given in the above report.

AMERICA WINS

BOUNDARY COMMISSION CON-CEDES JUSTICE OF CLAIMS.

CANADA IS DISSAPPOINTED

Decision Reached To-Day—Portland Canal Given Canada—All Else Goes to United States—Washington Pleased.

London, Eng., Oct. 17.—The Alaskan Boundary Commission has verbally agreed to grant all the American contentions except that of Portland canal which is given to Canada. Formal agreement is being drawn up and will be ready Monday.

London, Eng., Oct. 17.—The Alaskan Boundary Commission today reached an agreement whereby all the American contentions are sustained except those relating to the Portland canal, which Canada wants. All that now remains to be done is for the commissioners to affix their signatures. On a map will be marked the boundary line definitely fixing the divisions of America and British territory. On such a basis no American can lease land already believed to be held.

The United States gets all waterways to the Alaskan territory with the exception of the Portland canal, which gives Canada one outlet she so much needed.

Washington, Oct. 17.—The Associated Press bulletin from London announcing the decision of the Alaskan Boundary Commission was the first intimation received by the State Department that the commission had reached an agreement.

Although news from London is exceedingly brief, the State Department officials say that it shows a distinct victory for the United States. It is their opinion that the effect of the decision regarding Portland canal gives to Canada possession of Tears Island, a small island in Portland canal and of no special importance. This detail of the controversy is admitted by State Department officials to have been open to argument on both sides.

Toronto, Ont., Oct. 17.—Great disapproval and disappointment is felt here over the decision in the Alaskan boundary. "I would not like to criticize Lord Alverstone's decision until I have read the text, but the result is a very great disappointment to me." This was the view expressed by Thomas Hodgins, K. C., Master in Ordinary who has made a special study of the boundary dispute, and it conveys the feelings of the Canadians generally.
